Featured Speakers:

MIKE CORS

**Senior Expert—Compressor Systems
Kaeser Compressors, Inc.**

Mike Cors has over 25 years experience in the compressed air industry. Mike has demonstrated expertise in system design and applications. His educational background and filed experience make Mike the ideal trainer. He offers a wealth of practical considerations to improve air system efficiency, performance and overall reliability. A graduate of the University of Cincinnati, Mike is a certified KFACT Master System Specialist and completed the US Department of Energy's Compressed Air Challenge Level I and II training.

JOE D'ORAZIO

**South District Manager
Kaeser Compressors, Inc.**

Joe D'Orazio is the South District Manger for Kaeser Compressors. During his 14 years in the compressed air industry, he has helped thousands of customers improve the reliability, productivity and efficiency of their compressed air systems. Joe holds a Bachelor of Science in Mechanical Engineering from Clarkson University and a Masters in Business Administration from the University of Florida.

Compressed Air Systems, Inc.

Kaesers's one day seminar will help you evaluate and improve the performance of your compressed air systems. Whether you are designing a new facility, planning capital improvements or looking for tools and tips to improve a current system, our comprehensive seminar gives you the information that you can use to increase system performance and reduce operating costs.

This seminar will teach you and your personnel:

- Basics of compressed air
Types of compressors and their operation
System layout and compressed air piping
Compressor and system controls
Achieving consistent pressure and flow
Measuring energy consumption and efficiency
Basic ways to improve your existing system
Condensate Management
Calculating operating costs
Clean Air Treatment equipment sizing and selection
Managing leaks and pressure drop

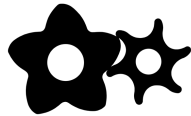

With the information provided at this seminar, you can be assured of gaining knowledge so powerful that you can save yourself time and frustration, and your company money.

Enroll today, it's well worth your time.
