Tampa, FL 33619

To whom it may concern,

This letter is in reference to our latest service call. On February 3, 2020, your service technician, Joseph Fizette, came to our shop to diagnose the issue with a dryer. It had to be replaced.

Bo Wenrich, your regional sales manager, provided us with exemplary service by giving us an estimate on replacing it. Bo went out of his way to make sure the process was seamless. We received a new dryer in way less time than expected.

Your service was much appreciated.

Thank you,

Timothy D. Stewart
Vice President
