Compressed Air Systems
9303 Stannum Street
Tampa, FL 33619

1/13/15

Dear Bo,

On behalf of Pelican Bay Ltd., Inc. I want to give you a sincere thank you in helping us with securing and installing our new air compressor. Your in depth knowledge of the industry, equipment, and applications are incredible and I appreciate working with a professional like yourself.

I especially appreciate you securing a temporary compressor on extremely short notice due to a failure of the old unit. Thanks to you and your team's efforts, we were able to get operational in a short time.

As for the new unit, it's doing great. You and your team have been extremely helpful with any questions or start-up issues we may have had.

I would highly recommend you and your company to anyone with air compressor needs.

Sincerely,

Mike Howard
VP of Finance
Pelican Bay Ltd., Inc.
