Jeff,

I wanted to take a minute to let you know how satisfied I am with my recent service. Your technician Pete went above and beyond for us.

My machine was on its last leg and he took all the extra time to restore it as best as possible. He took the time to explain everything in detail. He did an amazing job!

I really appreciate people that believe in what they do and take care of their customers. It seems to be a rare thing these days.

Please be sure Pete gets this and thanks again for getting us taken care of. I will be getting with Jeff Guzzo soon on an additional unit also.

Thanks!

Brad Samuels
